Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1. At the beginning of each academic session, college prepares its proposed academic calendar. The proposed academic calendar is prepared according to the instructions received from the affiliating university. Students are informed about the academic calendar of the college notifying the probable teaching days, dates of internal examinations, curricular, extension related and co-curricular activities 2. Bridge and induction programmes are organized every year for newly admitted students to make them aware of the mechanism for curriculum delivery and implementation. 3. At the beginning of an academic session, department wise meetings are held in which the topics in the syllabus are distributed to the teachers after discussion with them. 4. Based on the teaching assignments allotted in the syllabus distribution, teachers prepare their "teaching plans" according to the number of lectures allotted in the university syllabus for each topic. 5. Along with the traditional chalk and talk method, teachers often use power-point projections during the lectures to demonstrate topics. At end of 2019-20 academic year, due to the unexpected suspension of offline classes after the breakout of Covid -19 pandemic, teachers effectively used online platforms for conducting classes. 6. Field tours are organized by Departments of, Botany and Zoology to ensure effective implementation of the prescribed curriculum. Some other departments were also conducted field visit for improving their academic skill. 7. Post-graduate students are specially trained to handle assignments, open-house seminars and dissertation to prepare themselves for academic research in future. 8. Overall personality development of the student is achieved by conducting Sports and Cultural events, 9. Regular class test, Mid-term examinations, Mid semester examinations, regular assessment in practical classes, viva- voce, are done to keep track on the improvement of the students. 10. Student feedback is conducted by IQAC to improve the teaching-learning process of each department. 11. Seminars and special talks by experts are also arranged regularly for advance studies. 12. Project work, dissertations are conducted for fulfilment of their degrees. 13. All the departments and office including the Principal's chamber is computerised and connected with LAN. 14. We have a very rich college library with open access system and many departments have their rich Departmental libraries too for the benefit of the students. A good number of Journals (Science, arts and commerce) are subscribed by our college. Infilbnet(e-books and e-journals) facility is available for teachers and also for the students. 15. Departments maintain the detailed record of the classes, assessments, project reports etc. 16. Interactive sessions with students and with guardians (through class PTA) are held to identify problem areas. Special care is taken to address the problems of slow learners, advanced learners and first generation learners. Social networking sites are also used by some departments for interaction between faculty and students beyond the class hours. 17. Remedial and tutorial classes are also conducted based on requirement. 18. In addition to the basic class room teaching, various classroom teaching methods are regularly used for the effective delivery of the curriculum.

Feedback Obtained
Feedback on the teaching learning process is received from students at the end of every academic year and a Students satisfaction survey is conducted based on a structured questionnaire framed by IQAC. Rational modifications are implemented in teaching -learning activity based on feedback. The students give

feedback for all the theory and practical courses taught to them in respective semesters. The general assessment points of the feedback based on question such as, satisfaction about teaching methodology, Teacher's approachability towards students, teachers ability to teach subject and control the class, syllabus coverage organisation of lectures, use of modern tools of Pedagogy etc. Evaluated sheets are collected and data is recorded in excel sheets for further statistical analysis. The tabulated data is statistically analysed and the short comings are identified. Feedback is also collected from the parents during class PTA meetings that are organised by each and every department of the college. Suggestions and comments given by the guardians are also taken into account for future development. The different areas where improvements are required are discussed in respective committees/departments. The proposals given by the different committees and departments are discussed in General Body/IQAC/College Council of the college for necessary action. Strengths of the college are also taken into consideration for further upgradation.

Strategy Type	Details
Library, ICT and Physical Infrastructure / Instrumentation	Fully automated College library comprises of a collection of around 60000 books including reference books. The main library is augmented by department libraries. Eight ICT enabled classrooms and one smart room ensures quality infrastructure facilities in the college. Regular purchase and maintenance of laboratory equipments and Library books have been carried out with the aid of professional development fund.
Research and Development	Research Committee (RC) is constituted in Sree Krishna College to promote high quality research. RC disseminates information regarding various funds available for research and development. RC also encourages the faculty members to publish articles in reputed journals. It also ensures infrastructural facilities and conducive atmosphere for advanced research. The IQAC gives directions and monitors the research activities to improve the quality of Research initiatives in the institution.

Human Resource Management	<p>The Management recruits well qualified faculty and gives proper guidance and training to them. There are associations for the teaching and non-teaching staff, under the aegis of which seminars, meetings, valedictory functions, etc., were conducted to build a community feeling. College staff club conducts programmes in every academic year.</p>
Teaching and Learning	<p>Peer teaching (Quality Circles) and peer evaluation processes are practiced in classroom. Critical thinking abilities, creativity and scientific temper are promoted. The teaching schedule is planned in accordance with the Academic Calendar prepared by the University. All teachers prepare individual teaching plan and keep a Teacher's Diary. The library staff work in close association with the teaching faculty to ensure that the library resources augment the teaching-learning process and to impart orientation and training in accessing appropriate learning resources. Teachers are encouraged to use more modern and revolutionary methods that foster greater student interaction and enable the teacher to teach and also remain engaging such as power point presentations, field visits and applied extension activities. Student centred teaching methods like participative learning, seminar presentations, experimental learning, group learning, field work, study tour are encouraged. A detailed result analysis was carried out after publishing the results of every semester by the university.</p> <p>Remedial classes are held for the students requiring additional help. The library is also equipped with special software and resources for differently-abled students. Regular feedback from the students is collected for improving teaching and learning methods. At the end of academic year 2019-20, online teaching methods were introduced due to the outbreak of COVID 19 pandemic. Scholar support programme and Walk with Scholar programmes were also effectively used for the benefit of students in this academic year.</p>
Curriculum Development	<p>Several faculty members are involved in course restructuring and revision committees constituted by University of</p>

	Calicut. Several faculty members are active members of University appointed examination committee to frame questions papers and evaluate examination scripts. The curriculum planning is done as per the guidelines by the University of Calicut and an academic calendar is prepared by the IQAC at the beginning of academic year. Department level time table and action plan are submitted to IQAC in the beginning of academic year.
Examination and Evaluation	The IQAC monitors and periodically evaluates the activities of the Examination Cell to ensure the continuous and comprehensive evaluation of students and the timely conduct of examinations. Sessional examination marks were scrutinised, displayed to assess learning outcome, identify the weak areas and apply various strategies for improvement. Progress reports of the students are given to the parents during class PTA meeting.
Industry Interaction / Collaboration	Industry visits are mandatory for some programmes and internship programmes are part of the curriculum in several departments such as Chemistry, Biochemistry, Commerce, etc. Industrial visits and job training programmes provide hands on experience and exposure to students. It gives platform for industrial interaction/collaboration. Seminars and talks with experts from industry as resource persons are regularly conducted. College initiated for the production of cloth bags and distribution among stakeholders. Rain water harvesting were done by the department of chemistry as the part of water conservation. The rain water is effectively collected and used for the laboratory needs during months of March, April and May wherein scarcity of water is badly experienced. Effective

waste management was maintained by vermicomposting in the department of zoology.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1 Operation Annapoorna: Operation Annapoorna is an initiative with intention of serving meals to the homeless by get quality homely food. This programme was started operating in our college from August 15, 2015. From that day onwards, we are distributing more than 55 food packets collected from students and faculty in the college on every wednesday. All the students are contributing food packets in rotation basis. The faculty are also contributing food packets. Thus, each student and staff get a chance to be a part of this charitable work. The food packets are collected from various departments and are distributed to needy homeless with the help of a social welfare organization "Athazhakoottam".

2. Organic Farming : As the demand for organic food continues to grow, and to train our students for the production of organic food, an organic farm set up in the campus. For that, we selected appropriate areas in the college campus. With the active participation of students from Department of Botany and NSS volunteers we have cultivated different varieties of banana, chilly, brinjal, lady's finger, cabbage and tomato.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The distinctiveness of our college is to ensure quality education by providing an environment of learning that enhances their subject knowledge and also to ensure that students develop life skills for facing challenges and responsibilities with social and gender issues. Various departments conduct seminars, workshops, industrial visits and educational tours and observe important days to create awareness among students about current social, economic and environmental issues. It gives the students an opportunity to interact with academicians, eminent scientists, industrialists and artists of various fields. NCC unit of the college also actively participate in social activities. NSS SKC has opened a collection point at college as a relief from Kerala Flood 2019 on 15/08/2019 and collected essential materials for rescue camps from the nearby houses in Ariyannur and transported to Thrissur Collector Office. NSS SKC participated in a survey, which was conducted by Kandanassery Panchayat to find breeding places of mosquitoes in the panchayat and destroy it by covering every house in Ariyannoor locality. Students have cleaned Guruvayur Railway station and premises and removed all plastic waste and weed. Volunteers actively involved in the data collection survey organized by the Chowannur Block Panchayath for collecting data in connection with Mahatma Gandhi NREGA State Mission. NSS SKC celebrated their Onam with alzheimer patients on 7 September 2019. Our students visited Smruthipadham, Dementia Centre at Kunnankulam and celebrated Onam with them. Volunteers visited provided a Onasadya for them and engaged them with various cultural programmes to make them happy. These activities helps the students to increase their social awareness. The various clubs, cells and forums offer proper support to the students and help to develop innovative concepts and productively make use of it. Model Parliament programme was conducted in order to to sensitize among students and others on democracy and functioning of parliamentary institutions

in India.
